The first step to
your company's success:

**Make sure it does NOT
run out of money.**

How to do that

Workshop

for **Small Business Owners.**

Business Financial Advisors

The most effective tool to make sure your company does not run out of money is a **cashflow forecast**.

This workshop shows you how to prepare and use cashflow forecasts to manage money.

This is easy to do – all you need is a basic working knowledge of Microsoft Excel.
