

As they say on Shark Tank:

# Know Your Numbers

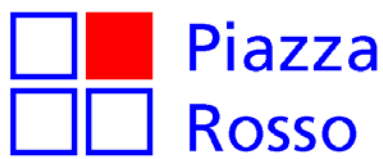

As a business owner, your job is to **manage your company's future performance**. Financial statement numbers – from its Income Statement and Balance Sheet – will not help you.

**The numbers you need are:**

- ++ Cashflow
- ++ Margin
- ++ Operating costs – and
- ++ Working Capital

To find out how to get **these** numbers,  
talk to a Piazza Rosso Business Advisor.
