

# The way small businesses manage money **does not help them**

The tool they use, accounting software:

- ++ Costs too much
- ++ Is too hard to use – and
- ++ Focuses almost exclusively on putting together information **for the IRS –**  
**not for you**

Managing money should help you **see**:

- ++ How your business is performing and
- ++ What you can **do** to improve its performance

Piazza Rosso knows how to do this.
